

OUR COMMITMENT

Environment and sustainability
at heart of our event
experiences.

TOAST

Proud to serve an **award-winning** craft beer brewed with surplus fresh bread that would otherwise be wasted, Honoured with **Queen's Awards for Enterprise for Sustainable development in 2021.**

DIGBY

Every bottle sold is Net Zero from a carbon emissions perspective. Verallia 15% lighter bottles generate 15% less CO2 to manufacture compared to traditional Champagne bottles.

EAST LONDON LIQUOR COMPANY

Our bar offer includes gin and vodka from ELLC. All spent grain from ELLC brew house is sent to be used as animal feed and does not go to landfill. Brewing processes use recycled water and heat from other distillery processes.

UNION HAND-ROASTED COFFEE

Award-winning coffee from farms that grow and process the beans in a sustainable way that respect people and environment, roasted in the East London microroastery fresh to order.

BIRCHALL TEA

Proud to serve **award-winning** speciality and everyday black teas packed in plant-based tea bags and biodegradable sachets. Fairtrade and Rainforest Alliance accredited.

REUSABLE CUPS

We are using plastic reusable cups on our bars instead of single use plastic glasses.

FREE RANGE EGGS

We use British free range eggs in all our homemade products.

CALLEBAUT CHOCOLATE

All our chocolate desserts are made with 100% Cocoa Horizons certified beans. Cocoa Horizons focuses on cocoa farmer prosperity and helps to build self-sustaining farming communities that protect nature and children.

TIPTREE JAMS

We use tasty jams locally produced on the Wilkins and Sons farm, Tiptree, Essex. 850 acre farm is managed and farmed in ways that support and nurture the environment.

SEVERN AND WYE

Our smoked salmon comes from **award-winning** Severn and Wye Smokery which has a very strong sustainability policy and is MSC approved.

FAIRFAX MEADOW

We aim to use British produce where possible. Fairfax Meadow has clear CO2 emissions policies and are actively using route harmonisation software to reduce mileage.

BIODEGRADABLE PACKAGING

All our packaging is biodegradable and plant based.
