ALiCE

28 – 29 October 2022

A woman, or perhaps a child, unsure of her identity and where she is going. Escaping or exploring, discovering the powers within her changing body. The world around her is different, curious, and compelling - at times absolutely bonkers.

Following the internationally acclaimed success of her adaptation of Pinocchio, award-winning choreographer **Jasmin Vardimon's** newest creation is a re-imagining of the classic novel Alice in Wonderland. Step into the pages of the book with powerful performers, striking kinetic scenery and an entrancing soundtrack.

Originating as a VR experience, **Jasmin Vardimon Company** now brings **ALiCE** to life on stage across the UK.

About Jasmin Vardimon Company

Founded in 1998 and a leading force in British dance theatre for over twenty years, the Jasmin Vardimon Company has built a reputation for challenging, and visually arresting dance productions, infused with social and political commentary.

This year marks an exciting new phase with the opening of JV H.O.M.E, a new building located in Ashford, Kent dedicated to the Company's research, creation and multi-disciplinary creative learning programme. Artistic Director Jasmin Vardimon continues to add to an extensive body of critically acclaimed, artistically respected work both for her own Company and for some of the world's leading arts institutions that she has collaborated with across the world.

Having developed a uniquely individual choreographic voice, distinguished by beautifully detailed movement, insightful humour, and engaging drama, Vardimon is renowned for her physical and theatrical style. Incorporating innovative technologies, text and dance, her work is accentuated with an acute observation

of human behaviour. As such, it is widely accessible, socially relevant, and always delivered by her Company dancers with passion, skill, and commitment.

Jasmin Vardimon has been an Associate Artist of Sadler's Wells since 2006, and her Company tours nationally and internationally, performing at high profile theatres throughout the world.
