01 Introduction

Our vision is to create, through dance, a depth of connection beyond borders, cultures and languages so we see ourselves in each other. Having a workforce that represents a diversity of thought and lived experience is crucial in achieving this vision. Therefore, we ask our colleagues and Board of Trustees to self-report on how they identify, and this data helps track progress and inform decision-making.

In summer 2020, we shared data for our workforce, in response to the #pulluporshutup campaign. We have now updated that data in a three-year picture here. The data includes the categories of gender, working hours, sexual orientation, age, ethnicity, and disability & impairment. Each year's data represents a snapshot in time, taken in April of that year.

02 Gender

We recognise that some of our colleagues don't identify within the gender binary. We welcome people of all gender identities at Sadler's Wells. For the purposes of this report, we have used the identity registered with the HMRC.
